# Josh

LOWER BODY HEMORRHAGE CONTROL  
TASK TRAINER

A COMPLETE TOOL FOR PRACTICING  
PACKING, TOURNIQUET, AND PRESSURE  
POINT TECHNIQUES

## Josh

The JOSH – a lower body three-procedure task trainer is the perfect solution for training your medics in basic skills to stop excessive bleeding and ensuring that they are qualified to locate pressure points, pack, and apply tourniquets.

## Hyper-realistic. Robust. Reliable

- 3 different procedures in one task trainer: Packing, tourniquet, and pressure points
- Enables applying pressure to points on the groin and the thigh
- Straight forward operation
- Simple maintenance - no electronics
- Realistic, seamless skin, easy to clean

— Applying tourniquet

— Applying Pressure points

— Packing technique

# TRAIN YOUR TEAM IN ESSENTIAL HEMORRHAGE CONTROL SKILLS
